

MCIS Practice Test and Online Course Packages

College Placement Skills Training

The CPST includes three full-length practice tests that address the key areas of the ACCUPLACER and ACT Compass placement exams. In addition there is a pool of 122 lessons covering English, reading, and several levels of math. A short quiz at the end of each lesson tests understanding and provides an explanation of the correct answers. The lessons are highly interactive with various dynamic features to keep the user engaged.
