

MCIS Virtual Training Registration

Online trainings are designed for staff working with students on MCIS. We will cover navigating both the current, Enterprise and MCIS 360 platforms. These sessions are virtual and are offered at no cost to you. They will be separated into trainings for student side and for the administrative side. Component specific sessions will be approximately 30 minutes in length focusing on one or two topics per session. These sessions will all be hosted in Webex Meetings and require registration.

If you are unable to attend and would like a copy of the recording, please email [MCIS Team](#) the title of the session(s) you would like.
