

## MCIS In-person Training Registrations

In-person trainings will consist of the different ways to access MCIS Enterprise and MCIS 360. We will navigate both platforms to compare and contrast the features of each. The session will close with the administrative side of MCIS (create user and staff accounts, create plans, reporting, etc.). There will be time for you to explore and ask questions.

Please register for these sessions using the link below. You will be registering via Webex but the session will be **in-person** at the address below. You will not log in to Webex for these trainings.
